YOUR CLAIMS
FOR DIFFERENT
COUNTRIES

HOW DOES IT WORK?

STEP one

After the regulatory review, we create a FULLY COMPLIANT LABEL. Mandatory statements, claims, font sizes, label format, other requirements... We ensure your product label is compliant with your country of choice.

STEP two

We then REFINE the design together with you to match your marketing and sales objectives.

STEP three

Once the LABEL or PACKAGING is final, we will provide you a READY-TO-PRINT digital package including native and HD files.

ALL AROUND THE WORLD

RNI will develop all the different compliant versions of your labels, ready for your expansions. Thanks to many years of experience at an international level, RNI can provide you advice on how to localize your product communication, giving your expansion strategy the best opportunity to succeed in new markets.
